Zelda's Kosher Gourmet has served our clients and community since 1972, and today we are the Chicago area's leading kosher caterer. We pride ourselves in unmatched service, creativity, uncompromising attention to detail and complete client satisfaction. Our promise to you is to deliver an experience that meets or exceeds your every expectation.

We operate three kosher catering kitchens, for meat, dairy and pareve events. Our team includes an executive chef with more than 25 years of experience, and fifteen full-time food safety certified chefs with experience ranging from 5 to 40 years.

Some of our long standing catering clients include Jewish Federation of Metropolitan Chicago, AIPAC, Jewish National Fund, and most of the Chicago area's leading Jewish congregations. We are also proud to support local organizations every day in the fight against poverty and hunger.

If you should have any questions please do not hesitate to ask one of our event professionals. We know our performance is a reflection of you, and appreciate the trust you have placed in us.
